# **Peanut and Tree Nut Free Snack Suggestion List**

When choosing a peanut free snack for your child's class, it is important to **ALWAYS** check the label on the package to make sure it is **free of peanuts and nuts** of all kinds. This list is only to serve as a resource. It is in no way complete and is subject to manufacturer recalls and mislabeling. Manufacturers may have changed their equipment or product line and method since you last purchased an item from this sheet.

**READING LABELS:** Some manufacturers clearly state if a product has peanut or nuts in it while others, it is almost hidden. <u>PLEASE READ THE LABELS</u>, each time you purchase. Do not purchase items with the allergy and ingredient alert such as:

"May Contain Peanut or Tree Nuts"

"Processed on shared equipment with Peanuts or Tree Nuts"

"Manufactured in a plant with Peanut or Tree Nuts"

"Contains Peanut or Tree Nut Ingredients"

Thanks you for taking the time to read the labels and discussing the topic of "safe snacks" with your child! Your diligence is keeping an allergic child safe at school.

#### **FRUIT OR VEGGIES**

Fresh Fruit (no strawberries due to allergies)

Fresh Veggies

Junior Mints

Yummy Earth Organic Lollipops

**Kraft Marshmallow** 

Pillsbury Frosting (vanilla) blue container

<sup>\*\*</sup>FYI: Food is the only thing that is FDA regulated and required to put allergens on their label. Things such as potting soils do not. **MIRACLE GROW** potting soil **contains nuts** and needs to be avoided when doing planting projects in the classroom. This is not bolded on the label like a food label.
